

POTABLE WATER TREATMENT

At Apex, we offer a wide range of treatments for Potable Water from NSF disinfectants and NSF scale & corrosion inhibitors to ultraviolet light. With the ever-growing concern towards waterborne pathogens, such as Legionella, recent industry regulations and aging infrastructure, potable water treatment is becoming more and more prevalent. There are many disinfectants and applications in the industry, so consult with your Apex Representative and your Water Management Program (WMP) Team to decide on the best application for your facility.
