

# Legionella Seminar:

## ASHRAE Standard 188-2021, the CMS QSO-17-30 Legionella Requirement, and Risk Reduction Strategies

**JUNE 9, 2026**

### TOPICS

This seminar will cover a variety of topics including:

- ▶ Legionella and other Opportunistic Waterborne Pathogens in Building Water Systems
- ▶ ASHRAE Standard 188-2021 & CMS QSO-17-30 Requirement
- ▶ Developing a Water Management Program
- ▶ Risk Reduction Strategies
- ▶ AAMI ST108

### Meet Our Presenters

**Dr. Shivi Selvaratnam, Senior Microbiologist & Lab Director**

Shivi has 39 years of experience in the field of environmental microbiology which includes research, teaching various courses and lab management. She is ASSE 12080 Legionella and Water Safety Management certified and teaches a course on how to earn this certification.

**Will Fitzgerald, Apex Water Safety Manager**

Will has 14 years of experience in water management and risk mitigation pertaining to Legionella and other waterborne pathogens. He is also certified in ASSE 12080 Legionella Water Safety and Management.

**Morgan Nankivell, Apex Water Safety Specialist**

Morgan has specialized in creating and implementing water management programs aimed at mitigating risk associated with Legionella and other waterborne pathogens in facilities for the last 7 years and has experience in consulting regarding a wide array of water management solutions.
